CAPTAIN JAMES ESTILL.

(For the INTERIOR JOURNAL.)

The 20th of March, 1902, marks the 120th anniversary of the battle of Little Mountain, fought near Mt. Sterling when Capt. James Estill, the brave Indian fighter, was killed.

Capt. Estill has 34 lineal descendants living in Lincoln county and we beg space to mention a few incidents connected with his life and death.

We learn from our ancestors that Capt. Estill's father, Wallace Estill, married Mary Ann Campbell, a relative of the renowned Alexander Campbell, and lived in Greenbrier, Virginia. To them were born nine sons, and two of them, James and Samuel, came to Kentucky, being with Daniel Boone in Boone's fort when Duquesne with 500 Indians and French attacked the place. The besieged had only 50 men on duty, but they fought for nine days and held the fort.

Later Capt. James Estill and brother, Col. Samuel Estill held each a warrant for 1,440 acres of Kentucky land in one survey.

We reproduce a few items from "History of Estill Family" published about 20 years ago:

"Capt. James Estill built a fort on his land three miles south of Richmond. Col. Samuel Estill built a fort a mile and a half from James' fort. In March 1781, the two brothers went from James' to Samuel's fort and were fired upon by Indians. The right arm of Capt. James Estill was broken by a shot, and while they were expecting to see him fall, two of the Indians were shot dead by Col. Sam Estill at one fire. About the 19th of March, 1782, the Indians came near the fort gate and captured a Negro man named Monk, and asked him how many men were in the fort. He said '40.' They then killed all the stock and left in great haste. The fort had but four old and invalid men in it. Capt. Estill had taken his little army of 25 men the day before to Kentucky river to look in the sand for Indian tracks near Irvine. The Indians had crossed at the mouth of Red river. They did not meet. A messenger was sent to Estill to tell him what had happened at the fort. He then took his command and intercepted them at Little Mountain in Montgomery county. His boy Monk, dodged behind a tree when the Indians ran across Hinkston to form for battle, and took his master's horse. Capt. Estill gave orders to his lieutenant to form in rear while he attacked in front. His order was disobeyed. He did attack in front with half of his men, about all that engaged in the fight. He, himself, was the last man to fall. A large Wyandotte warrior rushed on him with a butcher knife when his gun was empty, with his weak broken arm. He was overpowered. When he fell, Joseph Proctor slew the Indian who killed him. That ended it; not another gun was fired. Of the men who took part in the fight, but three survived to tell the tale. This was the last fight ever made by the Wyandotte Indians in Kentucky."

The Estill Centennial held at Richmond 20 years ago, to perpetuate the memory of Capt. James Estill, was arranged by his descendants, who love and revere his name.

Estill monument, a lofty and imposing structure, was erected to his memory in Richmond cemetery about 40 years ago.

Capt. Estill has one grand-daughter, Mrs. Edna E. Hill, living in this county. She is now in her 80th year and is perhaps his only living grand-daughter. Her mother, Sallie Ann Estill, his youngest child and only daughter, was born to Estill fort and died in this county many years ago at an advanced age.

DANGER OF COLDS AND LAGRIPPE

The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among tens of thousands who have used this remedy for these diseases, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by Craig & Hocker, druggists.

We have it from various and varying authorities that St. Patrick was a Catholic, an Episcopalian and a Presbyterian; that he banished snakes from Ireland, and that he was the original founder of popular government. There is also ground for the supposition that he was the first one day weather prognosticator.—Louisville Times.

When you wake up with a bad taste in your mouth you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse your stomach, improve your appetite and make you feel like a new man. They are easy to take, being sugar coated and pleasant in effect. For sale by Craig & Hocker, druggists.

HOW TO CURE THE GRIP. Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grip, not one case has ever been reported that did not recover. For sale by Craig & Hocker, druggists.

The Rockcastle Freestone Co., of Langford Station, is working 75 men and is rushed with orders for all the stone they can get out. Their force is being increased. This is one of the largest enterprises in the county.

The Mt. Vernon Oil & Gas Co. is the latest organization here, composed of a number of business and professional men, including county officers. They have already secured leases on several thousand acres of land in addition to what they own and propose to put in machinery for developing the field. We understand the Rockcastle Company, which has some 10,000 acres, is moving in the same direction. Our people may be somewhat conservative, but they get there just the same.

Jones Fish, formerly a merchant of Wildie, has returned from Knoxville, where he laid in a portion of his stock for his Mt. Vernon store. Former Postmaster Joshua Boreling is running a farm near mouth of Renfro's Creek.

An amusing sight was seen in Central Park (?) here Tuesday when some of the Solons and Solomonos of the city were out with small peach tree branches in hand, trying their powers of divination and the magic art of tracing water and other elements hidden beneath the soil. Leavell and other prominent citizens.

A MATCH.

If love were what the rose is,
And I were like the leaf,
Our lives would grow together
In sad or single weather,
Blown fields of flowerful closets,
Green pleasure or gray grief;
If love were what the rose is,
And I were like the leaf.

If I were what the words are,
And love were like the tune,
With double sound and single
Delight our lips would mingle,
With kisses glad as birds are,
That get sweet rain at noon;
If I were what the words are,
And love were like the tune.

If you were life, my darling,
And your love were death,
We'd shine and snow together
Ere March made sweet the weather
With daffodil and starling,
And hours of fruitful breath;
If you were life, my darling,
And I, your love, were death.

If you were thrall to sorrow,
And I were the page to joy,
We'd play for lives and seasons
With loving looks and treasons,
And tears of night and morn,
And laughs of maid and boy;
If you were thrall to sorrow,
And I were the page to joy.

If you were April's lady,
And I were lord in May,
We'd throw with leaves for hours
And draw for days with flowers,
Till day like night were shady,
And night were bright like day;
If you were April's lady,
And I were lord in May.

If you were queen of pleasure,
And I were king of pain,
We'd hunt down love together,
Pluck out his flying-feather,
And teach his feet a measure,
And find his mouth a rein;
If you were queen of pleasure,
And I were king of pain.

Modern Drug Dealing.

The elements that enter into perfect drug service are, we believe, these: Competency, quality, courteousness and a fair profit policy. We endeavor to give all these the fullest expression. While in some things there is legitimate need of varying qualities, in medicinal drugs there is not. We handle one grade only—the highest—yet our prices are apt to be less than inferior are sold for.

THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 23rd District, subject to the will of the democracy.

THE Legislature adjourned at midnight Tuesday after passing the Revenue bill. The Senate receded from the bank tax amendment and the capitol amendment to the bill, and then passed the measure by a vote of 23 to 12. Several minor concessions were made by the Senate. The House thereupon adopted the conference report by a vote of 51 to 37, and gave the bill its final passage by a vote of 48 to 40. The World's Fair appropriation bill was defeated, failing to receive a constitutional majority. The redistricting bills and many other measures were not reached. Following are the most important bills that were passed: The Revenue Bill, the Double Liability Repeal Bill, the Municipal Tax Bill, the Louisville "Two Judges" Bill, the Investment Company Bill, The Charitable Institution and Penitentiary Appropriation Bills, the Farris Anti-Blind Tiger Bill, the Registration Certificate Bill, the Child Labor Bill and the Klair Printing Bill. A number of good bills failed to pass, but the work of the session just closed is far above the average and the legislators as a whole are to be heartily congratulated.

THE Ship Subsidy Bill passed the Senate 42 to 31. Such honest republican Senators as Allison, Dolliver, Spooner, Quarles, Proctor and Dillingham voted in the negative, but McLaurin, the turncoat, supported the measure. The only amendments that materially affected the bill reported from the Commerce Committee were one limiting the time of operation of contracts to July 1, 1920, and one providing that the amount of expenditure under the mail subsidy paragraph should not exceed \$5,000,000 annually.

A CHICAGO lawyer has made in a Pennsylvania court an argument of 300,000 words, taking 35 hours in the delivery. The Bible contains 773,000 words. Experts call this argument a record breaking one. Some lawyer who may or may not know has said that lengthy speeches and briefs are sure signs both of the weakness of the case and of the attorney in charge. Not being a lawyer we can't say whether he is right or wrong.

Of 730 bills introduced in the General Assembly only 130 passed both Houses.

LEXINGTON'S mayor, elected by democrats but whose democracy has long since oozed out of his fingers and toes, played a great trick in giving the city printing to the Herald a few hours before a law was enacted placing the disposal of it in the hands of the city attorney. As the foxy mayor was a month or so previous in the matter the courts will be resorted to concerning his action and we predict that ere many moon's wax and wane he will be glad to recall his hurried work. Mayor Duncan is one of the many who has had his head turned by too much office holding and the sooner his present term expires the better it will be for him and the magnificent little city he has hurt rather than helped during his career as its highest officer.

THE Lexington Herald devotes a lengthy editorial to the question, "Can Bryan be Elected?" The question could be very easily answered if all democrats vote as do the editors of that so-called democratic paper. Fortunately they do not and there is a chance for the Nebraskan yet.

A DES MOINES, IOWA, youth confessed to have made an effort to wreck a passenger train just for the fun of seeing the result. A dozen or so years in the penitentiary might change to some extent his idea of fun as well as reduce his too great a supply of curiosity.

POLITICAL.

It is said Gov. Beckham will veto the investment company bill, but will sign all others passed.

James R. Garfield, son of the late president, will be appointed civil service commissioner.

H. Clay Evans, commissioner of pensions, denies that he is to be made secretary of the interior.

Speaker, Finn, of the House, was presented with a handsome gold watch and chain by his colleagues.

The new law provides that when a regular judge can not serve the vacancy shall be filled by appointment of the governor.

Gen. MacArthur has been assigned to command of the Department of the Lakes and Gen. Funston to command of the department of the Colorado.

V. Sullivan has been appointed postmaster at Gentry's Mill, Adair county, James Dunbar at Lula, Russell county, and D. S. Botkin, Wallaceton, Madison county.

The democratic Congressmen, especially those from Southern States, are criticizing Mr. Bryan for an interview in which he is quoted as saying that he sees no harm in the Crumpacker resolution, provided the proposed investigation includes Northern States.

The House broke the record the other day, passing 229 private pension bills in 110 minutes.

Hon. R. C. Warren, of Stanford, the next representative of the 8th district in Congress, was in the city Friday. Mr. Warren has proven himself a democrat to the core, always ready and willing to do what he can for the cause and is worthy of any honor the democrats of the 8th can bestow.—Lexington Observer.

No man has grown in public estimation faster and more firmly than Hon. Newton W. Utley, president of the Senate, and by virtue of his office, lieutenant governor, and it will be a subject of general regret that he has decided to eschew politics and devote his time entirely to the law. A great future seems to be his and we are sure the people will have a say in whether he shall retire or not.—Lexington Democrat.

MATRIMONIAL.

Mrs. Louisa Dampier, of Louisville, nearly 80 years of age, sues for divorce. John McCarley and Miss Elizabeth Clod were made one at the home of the bride Wednesday.

Stephen Holladay, aged 80, and Amanda Holladay, 45, of Clark county, were married in Lexington.

William Hale, aged 21, and Miss Emily Berry, 17, were married at Rev. W. E. Arnold's by that gentleman yesterday afternoon.

Calvin Wilson and Miss Georgia King, and Oscar Tuber and Miss Mattie King, Calloway county* elopers, were married on a train near Murray.

Sam Abell, aged 16, and Mary Hardisty, 14, eluded their parents, who are neighbors and prominent farmers near Lebanon, and eloped to Jellico, Tenn., where they were made one.

When they saw the young couple were determined the parents of Miss Katherine Argust, 18, and Henry Sherwood, 19, at Owensboro, consented to their marriage to prevent an elopement.

Attorney General Breckinridge has just received a communication from a British soldier in South Africa, asking him in what State of the United States a divorce can be most speedily and economically secured. He must want one bad.

CHURCH MATTERS.

Fire destroyed a Methodist church and several other buildings at Kimball, W. Va.

Dean Baker P. Lee, of Lexington, has decided to accept that \$10,000 a-year offer from Chicago.

Rev. T. M. Green, of Greensburg, will begin a protracted meeting at the Baptist church here on the second Sunday in April.

She was driving near Norwood, Pulaski county, when her horse became frightened and started over an embankment. She jumped to save herself and broke both bones of one of her limbs just below the knee. Dr. Reddish, of Somerset, was called and the patient was doing as well as could be expected at last accounts.

THE bill requiring registration in all the cities from the 1st to the 5th class and providing for a certificate of registration as a requisite for voting was the joint work of Senator George T. Farris, of Garrard, and Representative M. F. North, of Lincoln. The former conceived it and the latter drafted the bill, which is far the most important and far reaching act that the Legislature has passed. The gentlemen deserve the highest praise for the very effectual check the law will put on repeaters and "floaters," who can not as in the past be colonized and voted in excited elections.

DISAPPOINTED.—Wednesday morning Mr. D. Pearlman, of Covington, Ind., called on Attorney L. R. Hughes and asked him to drive up to the East End and look at a farm he had bought but had never seen. Mr. Hughes complied and the two soon left for the scene or rather the farm. At Crab Orchard they made inquiry about the place and were told that the 97 acres claimed was probably worth \$1 per acre. "The place cost \$1,600," said Mr. Pearlman, "and there must be a mistake," he added, but unfortunately for him there was no mistake and he had been badly "hoodooed." In the first place he bought of a Covington, Ind., real estate firm a Kansas farm for \$900 cash. He went to that State to look at his purchase but there was no farm answering the description and the Hoosier real estate men had no property to dispose of there. He returned and told his tale of woe to the scamps who had beaten him and when he threatened to bring suit to recover his money they palmed off the East End farm on him for more of his hard earned cash. Mr. Pearlman was very naturally sore about the matter when he left here yesterday and if he doesn't make it hot for the real estate fakirs who have worked him, we shall be very much surprised. He has spent close to \$100 for railroad fare looking at farms the Covington rascals advertised.

MERCER county's magistrates must love music. They gave \$50 of the people's money toward erecting a band stand in the court-house yard. It seems to us that it would have been a better investment to have started a sinking fund with the money for the purpose of building a court-house in the place of the old shack there.

THE following are the entries in the old fiddlers' contest at Walton's Opera House to-night: Stanford, Miss Jennie Gooch, Wm. Cooley; Rowland, Ben P. Martin; Darsttown, Alex. Martin; McKinney, L. E. LIKES OUR JAILER.—J. E. Hendrickson, a mountain prisoner here for safekeeping, sends us the following note with the request that it be published: "Jailer W. I. Herra is one of the most obliging and accommodating jailers the State affords. The mountain prisoners who are here in his custody for safekeeping can not say too much in behalf of him and his good wife. They are ready at any time to do all in their power to accommodate the unfortunate. We are glad to note this fact as we are strangers here and are cared for just the same as if we were in our own county."

FIRE THIS MORNING.—About 4 o'clock this morning the saloon occupied by John B. Carpenter on Depot street and the dwelling adjoining burned. The latter building was occupied by James Middleton, the tailor, who was awakened just in time to save himself. Mr. Carpenter and his brother, William Carpenter, discovered the fire and gave the alarm, but it took some time for the fire ladders to reach the scene, a number of them failing to hear the alarm. The origin of the fire is not known, but it is believed by many at this writing that it was the work of an incendiary. The buildings were owned by Anderson Carr, who had them insured for \$700 a few days ago. His loss is probably \$1,000, while Mr. Carpenter's is about \$150. The latter saved most of his stock, but the breakage and leakage will run his loss up to fully the above amount. Carr tells us that he has been carrying insurance on his property for 13 years, but that for a few months previous to taking out his last policy it was not insured.

TELEPHONE FRANCHISE.

ON SATURDAY, MARCH 22, 1902,
at 2 o'clock P. M. I will offer at public auc-
tion in front of the Court House door, a
franchise or privilege to construct, estab-
lish, maintain and operate, a telephone sys-
tem in the city of Stanford, Kentucky.
Said sale is made as follows:

AN ORDINANCE—
To provide for the sale of the franchise or
privilege to construct, establish, maintain,
and operate a telephone system in the city
of Stanford, Ky.
The City Council of the City of Stanford,
Ky., do ordain as follows:
SECTION 1. That there shall be sold to
the highest and best bidder for the term of
twenty (20) years a franchise or privilege
to construct, establish, maintain and operate
a telephone system for public and private
use in the city of Stanford, including the
necessary conduits, subways and man-
holes, wires, poles, and other equipment,
and also the right of way over, along, be-
tween, through and in the streets, avenues,
alleys, parks, squares, bridges and other
public places in said city for the purpose of
running the subways, manholes, poles,
wires and other equipments necessary to
construct, establish, maintain and operate
said telephone system in the city of Stan-
ford in accordance with the conditions,
terms and limitations of this ordinance.

SECTION 2. That it shall be the duty of
the Mayor to offer said franchise or privi-
lege at public auction to the highest and
best bidder at 2 o'clock P. M. on Saturday,
March 22, 1902, before the Court House door
in Stanford, Ky., after having given notice
thereof by advertisement for ten (10) days
in the Interior Journal, and in which notice
he will insert this ordinance, and he will re-
port to the City Council the bids received by
him for its approval; and the said City
Council reserves the right, for and on be-
half of the city, to reject any and all bids
for said franchise or privilege, and in case
the bid reported by the said Mayor shall be
rejected by the city council it may direct,
by resolution or ordinance, said franchise
or privilege to be again offered for sale
from time to time until a satisfactory bid
shall be received and approved, or accept
any of the bids offered, in its discretion.
SECTION 3. Before the said franchise or
privilege shall be vested in the bidder whose
bid may be accepted by the city council, a
contract shall be entered into between the
city and said bidder setting out the terms,
conditions and limitations upon which said
franchise or privilege shall be granted and
containing stipulations necessary to pre-
tect the city and to require of the bidder
fulfillment of said conditions and limita-
tions; and the city council reserves the
power to insert in said contract such stipu-
lations concerning the time in which the
work shall begin after the acceptance of the
bid, and the price to be charged for tele-
phones to its subscribers, the time at the
expiration of which said telephone system
shall be in operation, the manner and places
in which said poles shall be erected, how
much of said wires shall be placed under
ground and at what points manholes shall
be constructed, and such other conditions
and limitations as the said council may by
ordinance direct.

SECTION 4. That the franchise or privi-
lege provided in this ordinance when said
contract is entered into shall not be con-
sidered as being in any way exclusive, or as
preventing the city council of the city of
Stanford from providing for the sale of simi-
lar franchises or privileges to other persons,
companies or corporations; and this limita-
tion shall be inserted in any contract en-
tered into between the city of Stanford and
such person, corporation or company.
SECTION 5. This ordinance shall take ef-
fect from and after its passage and publi-
cation as required by law.
Passed by city council, March 6, 1902.
